WIFI CONFIGURATION FOR WINDOWS 10 (USMSecure)

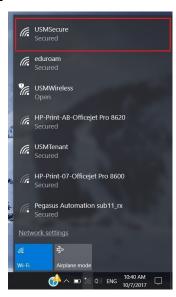

MAKE SURE YOUR LAPTOP IS IN THE WIFI AREA AND THE WIRELESS ADAPTER IS 'ON'

STEP 1. Taskbar

STEP 2. Click 'USMSecure'

<u>STEP 3</u>. Make sure that the "Connect automatically" checkbox is ticked and click "Connect"

STEP 4

- 1. In the 'User name' box, fill in your student email, eg: xxxxxxxxxx@student.usm.my
- 2. Fill in your password.
- Click 'OK'

STEP 5 Click 'Connect'

STEP 6 Wait for the WIFI to connect

STEP 7 Once connected, try using an Internet browser to connect to any website to confirm that your connection is successful.
